10. Bhubhaneshwar
11. Lucknow
12. Ahmedabad

Country Headquarters, Bangalore, India

~5500 employees	1500+ technologists	Over 10 billion USD installed base (in India)

Hitachi Energy

Accelerating the energy transition in India

Energizing power superhighways

Commissioned 1800 km-long ultra-high voltage direct current transmission link that can bring reliable power to more than 80 million people

Partnering to realize the nation's renewable goals

Energized the world's largest 648 MW solar plant in a single location, propelling India's renewable energy vision and push for solar power
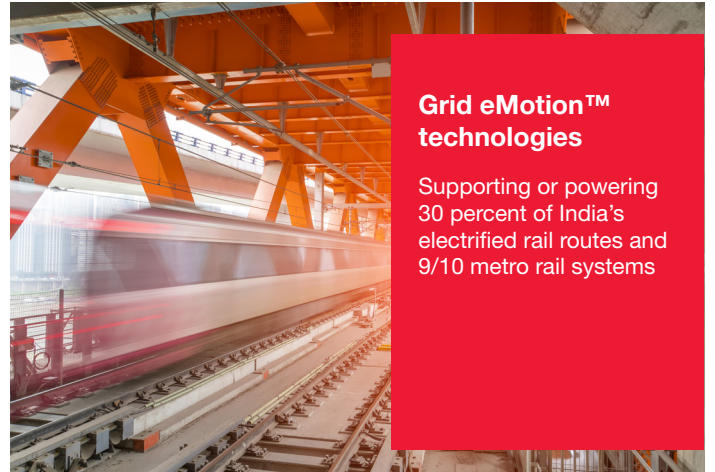

Enabling clean mobility

Pioneered flash-charging solution for e-buses, enabling India to advance towards its vision of sustainable transportation

Grid eMotion™ technologies

Supporting or powering 30 percent of India's electrified rail routes and 9/10 metro rail systems

Digitalizing key power infrastructure

Setting up a Remote Operations and nerve center for India's largest private transmission company, facilitating higher renewable energy penetration

Enabling reliable power for India Inc.

Provided digital substation to enhance the reliability, efficiency and safety of power generation for one of India's largest IT parks

About Hitachi Energy

Hitachi Energy is a global technology leader that is advancing a sustainable energy future for all. We serve customers in the utility, industry and infrastructure sectors with innovative solutions and services across the value chain. Together with customers and partners, we pioneer technologies and enable the digital transformation required to accelerate the energy transition towards a carbon-neutral future. We are advancing the world's energy system to become more sustainable, flexible and secure whilst balancing social, environmental and economic value. Hitachi Energy has a proven track record and unparalleled installed base in more than 140 countries. Headquartered in Switzerland, we employ around 38,000 people in 90 countries and generate business volumes of approximately $10 billion USD.
